

## Your Privacy

Your privacy and the privacy of your data gathered by msyd.co.uk is genuinely important to us. We will NEVER pass your data on to a third party, unless you specifically request us, in writing, to do so.

We use Mailchimp.com to store your email information, including your email address, your first name and your surname. We hold no other information on you or about you.

If you have ever received an email of a marketing nature from us in the past then you will, or should have, received a separate email with a consent form giving us permission to contact you according to the GDPR rules, with which we believe we comply. Of course, you can also opt out of receiving emails or announcements about training events from us at any time via the unsubscribe option at the foot of all our marketing email communications through Mailchimp.

We realise that receiving endless emails can be irritating and we try and keep our communication with you to a minimum.
